Water's-Edge Booklet

This booklet contains:

Form 100-FEE-A, Amended Water's-Edge Election Fee Supplemental Schedule

Form 100-FEE-X, Amended Water's-Edge Election Fee

Form 100-WE, Water's-Edge Contract

FTB 1116, Notice of Nonrenewal of Water's-Edge Contract

FTB 1117, Request to Terminate Water's-Edge Election

FTB 2416, Retained Earnings of Controlled Foreign Corporations

FTB 2424, Water's-Edge Foreign Investment Interest Offset

FTB 2426, Water's-Edge Cover Sheet

Members of the Franchise Tax Board

Kathleen Connell, Chair
Dean Andal, Member
Craig L. Brown, Member

Taxpayers that elect to file their California return on a water's-edge basis under Revenue and Taxation Code Section 25110 must attach form FTB 2426, Water's-Edge Cover Sheet, to the front of the Form 100 or Form 100S.

Instructions for Taxpayers Making a Water's-Edge Election

References in these instructions are to the Internal Revenue Code (IRC) as of **January 1, 1998**, and to the California Revenue and Taxation Code (R&TC).

Introduction

For income years beginning on or after January 1, 1988, taxpayers may elect to compute income attributable to California on the basis of a water's-edge combined report. In general, under a water's-edge election, affiliated foreign corporations are excluded from the combined report. **Note: For purposes of these instructions, the word "taxpayer" means a corporation in the combined group that has a California filing requirement.**

The statute allowing the election to file on a water's-edge basis does not supersede the concept of unity; however, it merely limits the unitary entities included in the combined report. (For a discussion of the concepts of the unitary method of taxation and its application by the State of California, get FTB Pub. 1061, Guidelines for Corporations Filing a Combined Report.) Once the taxpayer has computed its income attributable to California on the water's-edge combined report basis, the taxpayer can either file a separate return or can elect to file a single return with the other taxpayers in the water's-edge group. (See Schedule R-7, Election to File a Unitary Taxpayers' Group Return and List of Affiliated Corporations, which is included in Schedule R, Apportionment and Allocation of Income.)

This booklet explains how the water's-edge election is made, which entities must be included in the water's-edge combined report and other key features of the law. This booklet should be used in conjunction with Form 100, California Corporation Franchise or Income Tax Return, or Form 100S, California S Corporation Franchise or Income Tax Return.

Tax Law Changes

Proposed Regulation Amendments

Amendments to Title 18 Cal. Code Reg. Sections 25111 and 25111-1 have been **ACCEPTED** by the Franchise Tax Board (FTB). The new regulations permit a valid water's-edge election if there is substantial compliance with the requirements for the election. For more information, access our Internet site: <http://www.ftb.ca.gov>, select other FTB information, then select FTB legal documents.

Return Requirements for Foreign Partnership Interests

California conforms to the information reporting requirements for IRC Section 6038 relating to information with respect to certain foreign corporations and partnerships. The corporation should attach a copy of federal Form 8865, Information Return of U.S. Persons With Respect to Certain Foreign Partnerships, to the Form 100 if the corporation is required to file Form 8865 with the IRS for the

income year. If the corporation fails to furnish this information, penalties may be imposed under R&TC Section 19141.2.

Foreign Investment Interest Offset

For income years beginning on or after January 1, 1997, the amount of interest expense that must be offset against deductible foreign dividends is 75% of the interest expense attributable to foreign investments or the foreign dividend deduction, whichever is less.

Water's-Edge Dividend Deduction

For income years beginning on or after January 1, 1996, R&TC Section 24411 generally allows for a 75% deduction of the qualified foreign dividends received and included in the water's-edge return. Form FTB 2411, Water's-Edge Dividend Deduction has been eliminated. To compute your water's-edge dividend deduction, refer to the Schedule H instructions in the Form 100 or Form 100S.

Information Return of U.S. Taxpayers Who Have Ownership in a Foreign Corporation

For income years beginning on or after January 1, 1997, a corporation that is a California taxpayer and is required to file federal Form(s) 5471, Information Return of U.S. Persons With Respect to Certain Foreign Corporations, with the federal return, must attach copy(s) to the California return. The penalty for failing to include copy(s) of federal Form 5471 is \$1,000 per required form. The penalty applies to income years beginning on or after January 1, 1998.

Significant Changes to Water's-Edge Provisions

Significant changes to the water's-edge provisions are effective for income years beginning on or after January 1, 1994. For information regarding these changes, get FTB Notice 93-7 and Legal Ruling 95-4.

For income years beginning on or after January 1, 1996, R&TC Section 25110 was amended with respect to the entities required to be included in the water's-edge combined report. Entities that are incorporated and maintained in Canada or Mexico solely to comply with local laws and that are 100% owned by a United States incorporated member of the water's-edge group, are generally no longer includable in the water's-edge combined report regardless of whether they are included in a federal consolidated return.

However, these entities can still be included in the water's-edge combined report if they meet one of the requirements under R&TC Sections 25110(a)(1), 25110(a)(2), 25110(a)(4), 25110(a)(5) or 25110(a)(6).

Water's-Edge Combined Report

Entities Included

For income years beginning on or after January 1, 1996, the water's-edge combined report includes only the income and apportionment factors of the members of the unitary group that meet the criteria listed below. If an entity meets any one of these criteria **and** is unitary, it must be included in the combined report. If an entity does not meet any of these criteria, it must be excluded from the combined report.

1. Any domestic international sales corporation, as defined in IRC Section 992, and any foreign sales corporation, as defined in IRC Section 922.
2. Any corporation, regardless of where it is incorporated, if the average of its property, payroll and sales factors within the U.S. is 20% or more. This rule does not apply to foreign incorporated banks. R&TC Section 25128, requiring the double weighting of the sales factor, does not apply for purposes of this inclusion test. For more information, get FTB Notice 95-5.
3. Any bank or corporation incorporated in the U.S., more than 50% of whose stock is owned or controlled directly or indirectly by the same interests, except for corporations making an election under IRC Section 936.
4. Any export trade corporation as defined in IRC Section 971.
5. Any controlled foreign corporation (CFC), as defined in IRC Section 957, that has Subpart F income as defined in IRC Section 952. The income and apportionment factors of such corporations are included in the combined report based on the ratio of the total Subpart F income of such entity for the year to its current year earnings and profits (E&P). The ratio cannot exceed 100% or be less than 0%. If the current year E&P are zero or less, none of the income and factors of the entity are included in the combined report. Subpart F income, defined in IRC Sections 955, 956 and 956A, is not considered in the computation.
6. Any foreign organized bank, or any corporation not described in items 1 through 5 with less than 20% of its average property, payroll and sales in the U.S., that has income attributable to sources within the U.S. Such entities are included in the combined report only to the extent of their U.S. located income and factors. In general, U.S. located income includes both of the following:
 - Income that is effectively connected (ECI) with a U.S. trade or business, or is treated as effectively connected, under the provisions of the IRC.

Because the State of California is not a party to the federal tax treaties, the ECI immunity provisions of the federal tax treaties do not apply for California purposes. Any income satisfying the definition of ECI, that is excluded from federal taxable income due to a tax treaty, is included for California purposes; and

- U.S.-sourced income that is business income described under R&TC Section 25120, regardless of whether or not such income is considered ECI for federal purposes.

For more information, see R&TC Section 25110(a) and the regulations thereunder.

Intercompany Transactions

FTB Notice 89-601, dated September 20, 1989, states that the FTB will issue proposed regulations prescribing the treatment of transactions between 2 or more entities engaged in a single unitary business, and it provides interim guidance for the treatment of certain intercompany transactions in water's-edge combined reports. The hearing process for these draft regulations will begin during 1999. If adopted, these regulations are expected to apply prospectively. The interim water's-edge treatment can be summarized as:

1. If a combined group has deferred gain or loss from intercompany transactions, a water's-edge election under R&TC Section 25111 will cause certain previously deferred gains or losses to be taxed over a 60-month period beginning with the first day of the election period. This applies only to transactions where either the transferee, the transferor, or both, are to be excluded from a combined report by reason of the water's-edge election. It does not apply if both the transferor and the transferee are included in the water's-edge combination.
2. Generally, such gains or losses will be apportioned using the percentage used in the last worldwide combined report that preceded the first water's-edge year. FTB Notice 89-601 provides that the percentage in the year of the original transaction can be used in certain circumstances.

The above treatment of deferred gains and losses is applicable to intercompany transactions involving fixed assets and capitalized items. Certain other types of intercompany transactions, including intercompany sales of inventory and intangible assets, are required to be reported under the elimination/carryover basis method. When members of a combined group use the elimination/carryover basis method, the transferor's basis will carryover to the transferee. A subsequent water's-edge election will have no effect on the recognition of profit under this method. Any profit eliminated as a result of using this method would be recognized by the transferee when the asset is sold outside the combined reporting group.

Taxpayers may wish to review the treatment of intercompany transactions prescribed in FTB Pub. 1061 and the federal rules under Treas. Reg. Section 1.1502-13.

Water's-Edge Election

Contract Requirement

To make the water's-edge election, **each taxpayer** must enter into a contract with the FTB by signing and filing Form 100-WE, Water's-Edge Contract. In consideration for being allowed to file on a water's-edge basis, the taxpayer must:

- Agree to file on a water's-edge basis for a period of 84 months;
- Agree to business income treatment of dividends received from: (1) over 50% owned entities engaged in the same general line of business as the members of the water's-edge group, or (2) entities that are a significant source of supply to, or a significant purchaser of the output of the members of the water's-edge group. Significant means an amount equal to 15% or more; and
- Consent to the taking of depositions from key employees or officers of the members of the water's-edge group and to the acceptance of subpoenas duces tecum requiring the reasonable production of documents.

For more information, see R&TC Section 25110(b) and the regulations thereunder.

Taxpayers Covered by Election

For the election to be effective, all affiliated taxpayers engaged in a single unitary business must file on a water's-edge basis. A taxpayer or an affiliated group of taxpayers that is engaged in more than one unitary business may make a water's-edge election with respect to any one or more of its businesses, but need not elect for all of its businesses. For example, a taxpayer engaged in two unitary businesses may elect water's-edge for one of the businesses and may remain subject to worldwide combined reporting treatment for the other business. In addition, each taxpayer should be in good standing with the FTB and the California Secretary of State (SOS).

The common parent of a controlled group that files a consolidated federal return, or the common parent wherever domiciled or organized, may file an election on behalf of all members of the controlled group that are part of the water's-edge combined report group. The common parent need not be a California taxpayer.

In cases where the water's-edge election is not entered into by a common parent, each taxpayer included in the combined report must enter into a separate contract.

Time of Making the Contract

The contract must be entered into by all unitary taxpayers at the time the original return is

filed for the first income year the contract is to be effective. The contract may not be entered into through an amended return.

CAUTION: The contract must be attached to the original return.

A copy of the original contract must be attached to all subsequent returns filed during the election period.

Taxpayers With Different Fiscal-Year Ends

Taxpayers engaged in a unitary business with different fiscal-year ends will make the election on each individual return. For each member of the group, the election period will begin on the first day of the income year of the last member of the water's-edge group to file its return and make the election. Each taxpayer that has an income year earlier than the last member of the group, will compute its tax liability on its initial return using a hybrid worldwide/water's-edge combination method.

For more information see Title 18 Cal. Code Reg. Section 25111-1(g).

Automatic Renewal

Once the contract period starts, it will automatically renew on the anniversary date of the contract. The anniversary date of the contract is the later of the original due date of the return or the due date of the return as extended. The anniversary date is determined by the first income year of the election and does not change. The automatic renewal provision extends the 84-month period of the contract for an additional 12 months. The contract period will automatically renew each annual anniversary date, unless the taxpayer files form FTB 1116, Notice of Nonrenewal of Water's-Edge Contract, at least 90 days prior to an anniversary date.

Notice of Nonrenewal

Form FTB 1116 prevents the automatic renewal provision from extending the contract period.

A taxpayer may file form FTB 1116 at any time during the contract period. To prevent the automatic renewal provisions, form FTB 1116 must be filed with the FTB at least 90 days prior to the anniversary date of the contract. Once form FTB 1116 is filed, the taxpayer must continue to file on a water's-edge basis until the contract period expires. **Form FTB 1116 must be filed separately from any other form.**

Mail form FTB 1116 to:

FRANCHISE TAX BOARD
PO BOX 1779
RANCHO CORDOVA CA 95741-1779

Example:

Corporation A, a calendar year taxpayer, makes a water's-edge election with its return filed October 15, 1999. The contract covers income years 1998 through 2004. If Corporation A does not file form FTB 1116 at least 90 days prior to its anniversary date on October 16, 2000, the contract automatically renews and extends the election through the

2005 income year. If Corporation A files form FTB 1116 at least 90 days prior to October 16, 2000, the contract period will end on December 31, 2004.

All members of the water's-edge group must consent to the notice of nonrenewal. Similar to the water's-edge contract, the common parent of a controlled group may file form FTB 1116 for all taxpayers in the water's-edge combined group.

Effect of Changes in Affiliations

In general, taxpayers are bound by any contract they enter into, or by any contract entered into by a unitary affiliate, for the entire term of the contract. For example, a bank or corporation that is subject to California tax and becomes a member of an electing water's-edge group after the group makes an election, or a unitary affiliate of an electing taxpayer that becomes subject to California tax after the election, is deemed to have consented to and is bound by the original election and contract for the remaining term of the contract. A water's-edge election is a tax attribute that carries over to the surviving entity in a reorganization or liquidation. When a taxpayer ceases to be a member of the water's-edge group, the taxpayer must continue to file on a water's-edge basis until the contract period expires.

If an electing taxpayer is acquired by and is unitary with a non-electing entity or group, the unitary non-electing entity or group must be included in the water's-edge combined report of the electing taxpayer until the water's-edge contract period expires. However, if the water's-edge taxpayer meets certain criteria, it may request termination of its water's-edge election. See Termination of Election below.

A non-electing bank or corporation that is subsequently proven to be unitary with a water's-edge group pursuant to an audit determination of the FTB is deemed to have made a water's-edge election.

Under certain circumstances, taxpayers adversely affected by the above rules may terminate their election.

When an affiliation change occurs, a statement should be attached to the return identifying which affiliates were included in the original group, the appropriate California corporation numbers and what changes have occurred.

For more information, see Title 18 Cal. Code Reg. Section 25111-1(d)(2).

Termination of Election

A taxpayer may terminate its water's-edge election prior to the expiration of the contract period only if:

- The taxpayer is acquired by an unrelated, non-electing entity or group of entities that has larger equity capital than the taxpayer; or
- The FTB grants the taxpayer written permission to terminate the election. A taxpayer may request permission to change

its election at any time. In general, the request will be granted only if the taxpayer demonstrates to the satisfaction of the FTB that filing on a water's-edge basis instead of a worldwide basis results in a significant disadvantage to the taxpayer, and that such disadvantage is the result of an extraordinary and significant event that could not have been reasonably anticipated at the time the election was originally made.

In general, the effective date of any request that is granted by the FTB will be for the income year immediately following the income year in which the qualifying event occurs. Form FTB 1117, Request to Terminate Water's-Edge Election, must be filed no later than the due date of the return, including extension, for the income year the termination is effective.

A taxpayer must timely file form FTB 1117 **separately from any other form** to terminate its water's-edge election. Mail form FTB 1117 to:

FRANCHISE TAX BOARD
PO BOX 1779
RANCHO CORDOVA CA 95741-1779

For more information, see R&TC Section 25111 and the regulations thereunder.

Water's-Edge Election Fee

Effective for income years beginning on or after January 1, 1994, the water's-edge election fee was repealed.

Form 100-FEE-X, Amended Water's-Edge Election Fee, and Form 100-FEE-A, Amended Water's-Edge Election Fee Supplemental Schedule, are included in this booklet in case the taxpayer finds it necessary to amend a prior year's water's-edge election fee.

Electronic Funds Transfer (EFT)

Corporations that remit a bank or corporation estimated tax or extension payment in excess of \$20,000 or that have a total tax liability in excess of \$80,000 must pay through EFT. Corporations that meet the threshold must remit all payments, including water's-edge fee payments, through EFT rather than by paper check. The FTB will notify corporations that are subject to this requirement. Those that wish to participate on a voluntary basis may do so. For more information, call FTB's EFT Section at (916) 845-4025, or get FTB Pub. 3817, Electronic Funds Transfer Program Information Guide.

Foreign Dividend Deduction

R&TC Section 24411 provides a 75% deduction of qualifying dividends received from corporations and included in the water's-edge return. For income years beginning on or after January 1, 1998, dividends received from both banks and corporations qualify for the water's-edge dividend deduction. A deduction

of 100% is provided for dividends from certain foreign construction projects.

Both business and nonbusiness dividends qualify for the dividend deduction. The allowable business dividend deduction is determined by multiplying the total dividend deduction (business and nonbusiness) by the ratio of qualifying business dividends to total qualifying dividends. The remaining dividend deduction is the nonbusiness dividend deduction.

Intercompany dividends received within the current year by the water's-edge group should be eliminated pursuant to R&TC Section 25106, before computing the dividend deduction.

Dividends are also subject to the provisions of R&TC Sections 24402 and 24410 prior to the application of R&TC Section 24411.

In no event will a R&TC Section 24411 deduction be allowed with respect to a dividend for which a deduction was allowed under R&TC Section 24402 or Section 24410 or which was eliminated under R&TC Section 25106.

Sources of Distributions

In general, dividends will be considered to be paid first out of current E&P and then out of accumulated E&P in reverse order of accumulation (LIFO method).

For dividends paid by an entity that is partially included in the combined report, only the portion of the dividend paid from E&P attributable to business income included in the water's-edge combined report is eligible for elimination under R&TC Section 25106. For example, assume that a dividend is paid by a corporation partially included in the water's-edge combined report to the extent of the ratio of its Subpart F income over its current year E&P (the "partial inclusion ratio"). If the dividend was paid entirely out of current year E&P, then the partial inclusion ratio for the current year should be applied to determine the portion of the dividend eligible for R&TC Section 25106 elimination. To the extent that the dividend was paid from E&P accumulated in prior years, the E&P attributable to business income included in the combined report must be determined by reference to the partial inclusion ratios for each of those years.

Subpart F Income

Since California does not conform to IRC Subpart F provisions, Subpart F income is not treated as a deemed dividend for California purposes and is not subject to a dividend deduction. California does not follow the federal rules set forth in IRC Section 959 as to the sources of distributions from an entity with Subpart F income.

Definitions

Current year qualifying dividends

These are dividends received by any current member of the water's-edge group from a cor-

poration or a bank (regardless of the place of incorporation) if:

- The average of the payer's property, payroll and sales factors within the U.S. is less than 20%; and
- More than 50% of the total combined voting power of all classes of voting stock is owned directly or indirectly by a member of the water's-edge group at the time the dividend is received.

The payer need not be in a unitary relationship with the recipient or any other member of the water's-edge group.

Construction project

A construction project is defined as an activity attributable to an addition to real property or to an alteration of land or any improvement thereto. The construction project, the location of which is not subject to the taxpayers' control, must be undertaken for an entity, including a governmental entity, that is not affiliated with the water's-edge group.

For more information, see R&TC Section 24411 and the regulations thereunder.

To compute your water's-edge dividend deduction, refer to the Schedule H instructions in the Form 100 or Form 100S.

Foreign Investment Interest Offset

R&TC Section 24344(c) provides that interest expense incurred for purposes of foreign investment is offset against the dividends deductible under R&TC Section 24411. The offset cannot be greater than the deduction allowed pursuant to R&TC Section 24411. Complete and attach form FTB 2424, Water's-Edge Foreign Investment Interest Offset, to the return. For these purposes, foreign investment means stock or other equity investment, including accumulated E&P, in a foreign entity owned by a member of the water's-edge group.

In general, the amount of interest expense incurred for purposes of foreign investment is determined by multiplying the total interest expense of the water's-edge group by the ratio of the group's total foreign investments to its total assets. However, direct tracing of interest expense to specific assets is required if:

- The underlying debt was incurred in connection with a specific property;
- The proceeds of the borrowing were actually applied to the specific property; and
- The creditor's only security is the specific property.

In addition, interest expense paid with respect to debt incurred on or after January 1, 1988, will not be considered incurred for purposes of foreign investment if the proceeds of the debt are paid into an account that is restricted to preclude its use for foreign investment and the account is not in fact used for foreign investment.

Total amounts of interest, foreign investment and assets are reduced by any items qualify-

ing for specific tracing before applying the allocation formula based on assets.

The offset is limited to the lesser of:

- Interest expense specifically assigned and allocated to foreign investment; or
- The foreign dividend deduction.

For income years beginning on or after January 1, 1997, this amount is multiplied by the same percentage used to determine the foreign dividend deduction under R&TC Section 24411 (75%) to arrive at the foreign investment interest offset.

The remaining interest expense, after the amount of interest expense offset against dividends deductible under R&TC Section 24411, is subject to the provisions of R&TC Section 24344(b).

For more information, see R&TC Section 24344(c) and the regulations thereunder and the instructions to form FTB 2424.

Retained Earnings of Controlled Foreign Corporations

R&TC Section 25110(a)(6) provides that a portion of the income and apportionment factors of any CFC (defined in IRC Section 957) that has Subpart F income, as defined in IRC Section 952, must be included in the combined report of a taxpayer making a water's-edge election. See form FTB 2416, Retained Earnings of Controlled Foreign Corporations, on page 19 to compute the income and apportionment factors to be included in the combined report.

Key Corporation

A key corporation must be designated if the California taxpayers elect to file a single return on a combined basis. The key corporation must be a California taxpayer and is generally either the parent corporation or the corporation with the largest value of assets in California. In addition, the key corporation should be in good standing with both the FTB and California SOS. Once a corporation is designated as the key corporation, it must continue to be the key corporation as long as the water's-edge contract remains in effect and the corporation is a taxpayer in the water's-edge group.

Example:

Corporation A, the common parent of the federal controlled group A, B, C, D and E, is not a California taxpayer. Corporation A elects water's-edge treatment for the unitary group B, C and E, which are all California taxpayers. Since corporation A is not a California taxpayer, then B, C or E, depending on which has the largest value of assets in California, will be designated as the key corporation if the taxpayers file a single tax return on a combined basis.

If the key corporation is changed, a statement should be attached to the return identifying the original key corporation with its California

corporation number and the new key corporation with its California corporation number.

For more information, get Schedule R-7 which is included in Schedule R.

Return Filing Requirements

Any year a corporation files a return determining its California taxable income on a water's-edge basis, it is required to attach the following:

- A copy of the Form 100-WE, effective for the current year; and
- Form FTB 2426, Water's-Edge Cover Sheet.

Corporations must attach form FTB 2426 to the front of their Form 100 or Form 100S.

Records Maintenance Requirements

Any taxpayer filing on a water's-edge or worldwide basis is required to keep and maintain records and make available upon request the following:

- Any records that may be appropriate in determining the correct treatment of items reported on the worldwide or water's-edge combined report for purposes of determining the income attributable to California;
- Any records that may determine the treatment of items as nonbusiness or business income;
- Any records that may be appropriate in determining the apportionment factors; and
- Documents and information, to determine the proper attribution of income to the U.S. or foreign jurisdictions under IRC Subpart F, IRC Section 882 or other similar provisions of the IRC.

A corporation may be required to authorize an agent to act on its behalf in response to requests for information or records pursuant to R&TC Section 19504. The penalty for failure to maintain the above required records is \$10,000 for each income year for which the failure applies. In addition, if the failure continues for more than 90 days after the FTB notifies the corporation of the failure, a penalty of \$10,000 may be assessed for each additional 30-day period of continued failure. For income years beginning on or after January 1, 1996, there is limitation to the amount of penalty that may be assessed.

For more information, refer to R&TC Section 19141.6 and the regulations thereunder.

Instructions for Completing Form 100-WE, Water's-Edge Contract

Enter the corporation name, California corporation number and address as they appear on Form 100 or Form 100S.

Enter the name of the corporation making the election in the space provided described as elector.

Be sure to check the box if a common parent is electing on behalf of members of the con-

trolled group included in the water's-edge combined report. If there is no common parent election, each electing member of the water's-edge group must file its own contract, even if a single return is filed on a combined basis. For more information, see Title 18 Cal. Code Reg. Section 25111-1(c). List all taxpayers covered by the common parent's election on Side 2 of Form 100-WE.

Enter the beginning date of the water's-edge contract in the space provided. This date is generally the same as the beginning date for the income year that appears on Form 100 or Form 100S for the first year of the election. If the corporation is a member of a water's-edge combined group that has different fiscal-year ends, the contract beginning date is the beginning date of the income year of the last member of the group to file its return and make the election. For example, if one member of the water's-edge group has a January 1, 1998, to December 31, 1998, income year and the second member has an April 1, 1998, to March 31, 1999, income year, the beginning date of this water's-edge contract is April 1, 1998.

An officer of the electing corporation must sign and date the contract.

General Information**Purpose**

Use form FTB 2426 as a cover sheet whenever a corporation files a return determining its California income on a water's-edge basis.

General Instructions

Form FTB 2426 should be attached to the front of Form 100 or Form 100S.

Do not attach form FTB 1116, Notice of Nonrenewal of Water's-Edge Contract, or form FTB 1117, Request to Terminate Water's-Edge Election, to this form. Mail each of these forms separately from any other form.

For a proper election, Form 100-WE, Water's-Edge Contract, must be attached to the original return. Any taxpayer electing water's-edge should be in good

standing with both the Franchise Tax Board and California Secretary of State.

A copy of the applicable contract must be attached to all subsequent returns filed during the contract period.

California Corporation Number for Unitary Group Single Return

Enter the California corporation number of the key corporation designated in the election to file a Unitary Group Single Return.

THIS PAGE LEFT BLANK FOR NOTES

WATER'S-EDGE CONTRACT

Pursuant to Revenue and Taxation Code (R&TC) Section 25111 and subject to the representations and conditions set forth herein and in the R&TC, the parties agree and contract as follows:

- I The Franchise Tax Board (FTB) shall allow the **ELECTOR** to determine the amount of income derived from or attributable to sources within this state pursuant to R&TC Section 25110 and related provisions (including incorporated federal provisions, as may be amended during the contract period); and
- II The **ELECTOR** consents to the taking of depositions from key domestic corporate individuals, wherever located, and acceptance of subpoenas duces tecum, both as provided in R&TC Section 25110(b)(2)(A), and agrees that the dividends described in R&TC Section 25110(b)(2)(B) are functionally related and presumed to be business income.

PARTIES: The parties to this Contract shall be the **FTB and** _____, **ELECTOR**.

This contract shall be effective only if each and every bank and corporation that is or was required to file a return under the R&TC and that is or was a member of the water's-edge group **at any time** during the income year joins in the election.

☐

Check here if the common parent is electing on behalf of the water's-edge group. List each bank or corporation covered by this contract on Side 2. As the common parent of a controlled group, the bank or corporation hereby contracts for all members of the controlled group which are includable in the water's-edge combined report.

Any taxpayer that subsequently becomes a member of the water's-edge group or is subsequently proved to be a member of the water's-edge group will be deemed to have consented to the election subject to the provisions of R&TC Section 25111 and the regulations thereunder.

MONTH DAY YEAR

PERIOD: The contract shall begin on _____, the first day of the income year for which the election can be made and shall, except as otherwise provided by statute or herein, continue for seven years (84 calendar months) from that date.

RENEWAL: Unless a notice of nonrenewal is filed at least ninety (90) days prior to the anniversary date, the contract shall automatically be extended for one year (12 calendar months). The "anniversary date" shall be defined as the later of the original due date or the due date as extended for the income year for which the election was initially made.

TERMINATION: If the **ELECTOR** requests, the FTB may, subject to conditions as provided by statute or regulation, allow this contract to be terminated prior to the expiration of its term.

JURISDICTION: This is a legally binding contract. Any disputes arising under this contract shall be subject to the laws of the State of California and the jurisdiction of the Superior Court of the State of California.

Part III Complete in all cases.

List Taxpayers Requesting to Terminate Election

THIS FORM MUST BE FILED SEPARATE FROM THE TAX RETURN

See instructions on page 17 for more information.

Parts IV, V and VI apply only if you are requesting permission to terminate the election. Otherwise, go to Part VII.

Part IV Complete only by taxpayers requesting permission to terminate the election.

Provide a list of all gains or losses on stock or assets during the water's-edge election period of any affiliated banks or corporations included in the combined report prior to the water's-edge election. See Part VI.

Bank or Corporation Name	Item Disposed Of	Date Sold/Disposed Of	Gain/Loss

Part V Complete only by taxpayers requesting permission to terminate the election.

Tax As Computed

Income Year Ended	Water's-Edge Method	Worldwide Method	Difference

Attach a statement showing computations, estimates and assumptions made.

Part VI Applies only to taxpayers requesting permission to terminate the election.

Conditions:

A request for permission to terminate an election is subject to the following.

- Dividends received during the remaining period of the contract from affiliated banks or corporations not included in the water's-edge combined report will be considered to have been paid first out of the earnings and profits (E&P) not included in the combined report of a unitary business for purposes of computing any allowable dividend exclusion under R&TC Section 25106. To the extent the dividends exceed such E&P, they may be subject to the exclusion.
- Gain(s) on distribution with respect to stock that is not a dividend or from the sale or other disposition of assets received during the remaining period of
- the contract from affiliated banks or corporations not included in the water's-edge combined report will not be deferred or eliminated. Loss(es) from the sale or worthlessness of stock or from the sale or other disposition of assets of affiliated banks or corporations not included in the water's-edge combined report will be allowed only to the extent of dividend income or other gain(s) recognized as a result of the change in election.
- Gain(s) or loss(es) on the disposition of stock or assets of an affiliated bank or corporation that was included in a combined report prior to the election and
- that was excluded from the water's-edge combined report will be included in income in the first return filed after permission is granted. Loss(es) will be included only to the extent of gain(s) recognized as a result of the change in election.
- The books and records with respect to the gain(s) and loss(es) listed above, E&P of affiliated banks and corporations, the nature of the event giving rise to the request, the consequences of such event, and such other relevant matters must be made available upon request of the FTB.

By signing this form the taxpayers requesting permission to terminate the water's-edge election agree to the four conditions listed above.

Part VII Signature and Verification. Complete in all cases.

- I attest to the accuracy of factual statements.
- I attest to the belief that the termination of the water's-edge election is permitted by law.
- I agree to the terms and conditions for all affected taxpayers.

Under penalties of perjury, I declare that I have examined this form, including accompanying schedules and statements, and to the best of my knowledge, it is true, correct and complete.

Instructions for Form FTB 1117

Request to Terminate Water's-Edge Election

General Information

Purpose

Use form FTB 1117 to request to terminate the water's-edge election or to request the FTB's permission to terminate the water's-edge election.

R&TC Section 25111 provides how and when the water's-edge election is to be made. In addition, this section provides the manner in which the water's-edge election may be terminated at any time prior to the expiration of the contract period. The election may be terminated if the taxpayer requests:

- To terminate the election; or
- The FTB's permission to terminate the election.

The taxpayer should clearly state under which criteria it is requesting the termination and the specific facts involved.

Specific Instructions

Request to Terminate

Part II, Line 1

An electing water's-edge taxpayer may terminate its water's-edge election if it is acquired directly or indirectly by an unrelated nonelecting entity that is larger than the taxpayer in terms of equity capital.

In the case of termination by reason of acquisition by a larger entity, the request to terminate an election will affect only the member of the water's-edge group making the request.

Permission to Terminate

Part II, Line 2

In general, the request for permission to terminate the water's-edge election will be granted only if the taxpayer demonstrates that the requirement to file returns on a water's-edge basis, rather than on a worldwide combined basis, for the unexpired term of the contract will result in a significant disadvantage to the taxpayer and that such disadvantage is the consequence of an extraordinary and significant event that could not have been reasonably anticipated at the time the original election was made.

An example of an event that could be considered extraordinary and significant includes, but is not limited to, a change in ownership or affiliation.

A taxpayer requesting permission to terminate the water's-edge election by reason of change in ownership or affiliation must request permission to terminate no later than the due date of the return, including extension, for the income year immediately succeeding the

income year in which the change in ownership or affiliation occurred.

The basis for permission to terminate the water's-edge election must be in writing and must state the reason(s) for the request. In addition, the statement should explain why filing on the water's-edge combined basis results in a significant disadvantage to the taxpayer and how such disadvantage is the consequence of an extraordinary and significant event that could not have been reasonably anticipated at the time the original election was made.

A significant disadvantage will occur when the tax under water's-edge reporting is materially more than the tax under worldwide reporting for the remaining life of the election. Any assumptions, estimates and computations made to determine such material difference must be included with the request for permission to terminate the election.

Taxpayers requesting permission to terminate must complete Part IV and Part V of form FTB 1117.

Basis for Request to Terminate

Part II, Line 3

Provide a detailed explanation of the basis for requesting permission to terminate.

Changing an Election

A request for permission to terminate an election under Part II, line 2 of this form is subject to the conditions outlined in Part VI of form FTB 1117.

Action on Request

Within 90 days of receiving a request to terminate the water's-edge election, the FTB will either act on the request or advise the taxpayer what additional information is needed to consider the request. Upon receiving the additional information requested, the FTB will act on the request within 90 days.

If the FTB takes no action or requests no additional information, a request to terminate the water's-edge election under Part II, line 1 of this form is deemed allowed when the 90-day period expires unless this time period is specifically extended by the taxpayer.

If the FTB takes no action or requests no additional information, a request for permission to terminate the water's-edge election under Part II, line 2 of this form is deemed disallowed when the 90-day period expired unless this time period is specifically extended by the taxpayer.

The taxpayer may withdraw its request at any time before the FTB takes action.

Effective Date

The effective date of a terminated election varies depending on whether the taxpayer is requesting to terminate or requesting permission to terminate and the basis for the change. A terminated election, based on acquisition by a larger entity, is effective for the succeeding income year.

In general, requests for permission to terminate the water's-edge election are effective for the first succeeding income year after the income year in which the qualifying event occurred.

The FTB may grant the change effective for a later income year. However, requests will not be allowed retroactively.

For additional information, refer to R&TC Section 25111 and the regulations thereunder.

Due Date of Form FTB 1117

Any request to terminate an election described in Part II, line 1 and any request for permission to terminate an election by reason of change in ownership or affiliation must be filed with the FTB no later than the due date, including extensions, of the return for which the termination would be effective. Other requests for permission to terminate an election described in Part II, line 2 may be filed at any time.

Where to Mail

A taxpayer must file form FTB 1117, Request to Terminate Water's-Edge Election, separate from any other form. Form FTB 1117 filed with a return is **not** valid and **will not** terminate a taxpayer's water's-edge election. Mail form FTB 1117 to:

FRANCHISE TAX BOARD
PO BOX 1779
RANCHO CORDOVA CA 95741-1779

For more information, see R&TC Section 25111 and the regulations thereunder.

Instructions for Form FTB 2416

Retained Earnings of Controlled Foreign Corporations

General Information

A Purpose

R&TC Section 25110(a)(6) provides that the income and apportionment factors of any controlled foreign corporation (CFC) (as defined in IRC Section 957) that has Subpart F income (defined in IRC Section 952) are to be included in the combined report of a taxpayer making a water's-edge election.

Use form FTB 2416 to compute the net income and apportionment factors required to be included in the water's-edge combined report.

B Controlled Foreign Corporation

In general, a foreign corporation is a corporation that is not created or organized in the U.S. or under the laws of the U.S. or any state.

A CFC is any foreign corporation that is more than 50% owned or considered to be owned (per IRC Section 958(b)) by U.S. shareholders.

C Apportionment

For each CFC, the amounts included in income and the apportionment factors are determined by multiplying the total income and each component of the apportionment factors by a fraction. The numerator of the fraction is the current year total Subpart F income defined in IRC Section 952 and the denominator is the current year E&P as defined in IRC Section 964.

See R&TC Section 25110(a)(6) and the regulations thereunder for more information.

Specific Instructions

Column (b) – Country of incorporation

Enter the country of incorporation in column (b). Use the list of country codes on page 20.

Column (c) – Country of primary business activity

Enter the country in which the CFC conducts its primary trade or business in column (c). Use the country codes listed on page 20. This country may be different from the country of incorporation.

Column (d) – Principal business activity (PBA) code

Enter the principal business activity code of the CFC. The PBA codes are listed on page 14 through page 16 of the 1998 Form 100, California Corporation Franchise or Income Tax Booklet and on page 21 through page 23 of the 1998 Form 100S,

California S Corporation Franchise or Income Tax Booklet. The new PBA codes are 6 digits not 4 digits.

Column (e) – Subpart F income

In determining whether a bank or corporation has Subpart F income, defined By IRC Section 952, for purposes of R&TC Section 25110(a)(6) and the Regulations thereunder, the limitation and exclusions provided for in IRC Section 954(b) shall apply. However, IRC Section 952(c) shall not apply.

For these purposes, Subpart F income does not include income defined in IRC Sections 955, 956 or 956A.

Include both business and nonbusiness income as defined under R&TC Section 25120 for the current year.

If there is no Subpart F income for California purposes, STOP. None of the income or factors of this corporation will be included in the water's-edge combined report.

Column (f) – Current year earnings and profits (E&P)

E&P, as defined in IRC Section 964, includes both business and nonbusiness income for the current year. In most cases, this figure can be taken from federal Form 5471, Information Return of U.S. Persons with Respect to Certain Foreign Corporations, Schedule H, line 5d.

If there is no current E&P, STOP. None of the income or factors of this corporation will be included in the water's-edge combined report.

Column (g) – Percentage

The percentage may not exceed one hundred or be less than zero.

Column (h) – Net income

Report the total net income as reflected on the corporation's books and records, adjusted to conform to California tax law.

Columns (j), (l), (n) and (p) – Apportionment factors

Determine the apportionment factors for the CFC to be included in the water's-edge combined report including total average property everywhere, rent expense everywhere, payroll everywhere and sales everywhere based on the apportionment factor rules set forth in R&TC Sections 25129 through 25137. See Schedule R, Apportionment and Allocation of Income, for more information.

Instructions for Form FTB 2424

Water's-Edge Foreign Investment Interest Offset

General Information

R&TC Section 24344(c) provides that interest expense incurred for purposes of foreign investment (as defined below) may be offset against the foreign dividend deduction allowed under R&TC Section 24411. The foreign investment interest offset may not exceed the total foreign dividend deduction allowed for the income year.

The amount of interest expense subject to the foreign investment interest offset is equal to the amount of interest expense specifically assigned to foreign investment plus the amount of unassigned interest expense allocated to foreign investment. Unassigned interest expense is allocated by formula.

The amount of the offset is limited to the lesser of:

- Either interest expense specifically assigned or allocated to foreign investment; or
- The foreign dividend deduction.

This limited amount is multiplied by 75% to arrive at the foreign investment interest offset. Interest expense that exceeds the offset amount will be subject to the standard interest offset computation of R&TC Section 24344(b).

Note: If there is no foreign dividend deduction, then no foreign interest offset computation will be necessary.

A Definitions

1. Foreign investment

Foreign investment is stock or other equity investment, regardless of when it was made, in:

- An entity whose dividends would be qualifying dividends for purposes of R&TC Section 24411; and/or
- A non-affiliated bank or corporation that is organized under the laws of a country or political subdivision of a country other than the U.S.

2. Interest expense assigned to specific property

If the existence of all of the facts and circumstances described below is established, interest expense is considered to be related solely to specific property. Specific property may be either a foreign investment, domestic investment or other property.

- The indebtedness on which the interest was paid was specifically incurred for the purpose of purchasing, maintaining or improving the specific property;
- The proceeds of the borrowing were actually applied to the specified purpose; and

- The creditor can look only to the specific property (or any lease or other interest therein) as security for payment of the principal and interest of the loan and, thus, has no secured interest in any other property of the borrower or the borrower itself with respect to repayment of the loan.

Even though the above facts and circumstances are present in substance as well as form, a deduction for interest will not be considered definitely related to a specific property where the motive for structuring the transaction in the manner described above was without any economic significance.

3. Unassigned interest expense

Interest expense paid that does not meet the above conditions to be assigned, is unassigned interest expense.

4. Interest expense on restricted accounts

Interest expense on restricted accounts is interest expense paid on new debt incurred on or after January 1, 1988, if the proceeds of the debt are deposited into an account that prevents its use for foreign investment and the account is not, in fact, used for foreign investment. However, debt shall not be treated as incurred on or after January 1, 1988, if the majority of the proceeds were used to refinance debt incurred prior to January 1, 1988, or the debt arises pursuant to a line of credit or similar arrangement.

5. Total assets

Total assets means all of the assets of a bank or corporation included in a water's-edge combined report by reason of R&TC Section 25110, after the elimination of intercompany accounts of assets.

6. Average values of assets

An average of values is computed for the year on the basis of values of assets at the beginning and the end of the year.

B Asset Values

Assets other than stock or other equity investments are taken into account at federal tax book value (original cost for federal tax purposes less depreciation, amortization or depletion).

Stock or other equity investments are taken into account at adjusted basis for federal tax purposes:

- Increased by the amount of the E&P of such bank or corporation attributable to such stock or other equity investment and accumulated during the period the stock or other equity investment was owned by another affiliated bank or corporation; and
- Reduced (but not below zero) by any deficit in E&P of such bank or corporation attributable to such stock or other equity investment for such period.

For more information see R&TC Section 24344(c) and the regulations thereunder.

Specific Instructions

Line 1

Enter the Water's-Edge Dividend Deduction claimed on Form 100, line 11; or Form 100S, line 10.

Line 2

Total interest expense for all entities included in the water's-edge combined report filed pursuant to R&TC Section 25110, net of inter-company interest expense.

Line 3

Enter the interest expense specifically assignable to foreign investments. See R&TC Section 24344(c) and the regulations thereunder for further information.

Line 4

Enter the interest expense specifically assignable to domestic investments or other property.

Line 6

Enter unassigned interest expense included in line 5 that is for debt incurred prior to January 1, 1988.

Line 7

Enter unassigned interest expense included in line 5 that is for debt incurred on or after January 1, 1988.

Line 8

Enter interest expense paid on restricted accounts.

Line 11

Unassigned foreign investment is the average value of all foreign investment to which interest is not specifically assigned.

Line 12

Unassigned total assets is the average value of all assets to which interest is not assigned.

Line 13

In calculating the ratio, foreign investment and assets to which interest expense has been specifically assigned are not to be considered.

Note: If the taxpayer reported the foreign dividend deduction for dividends received from foreign investments and foreign construction projects, the taxpayer must calculate a separate foreign investment interest offset for each component. The two separately calculated amounts are then added together and entered on Schedule R, Side 1, line 1b; and Schedule R-5, Side 3, line 2.

Instructions for Form 100-FEE-X

Amended Water's-Edge Election Fee

General Information

For corporations that are taxed under Chapter 3 of the Revenue and Taxation Code (i.e., corporations that are not doing business within California but derive income from sources within California), the term "income year," as used in these instructions, means taxable year.

Use Form 100-FEE-X, Amended Water's-Edge Election Fee to amend the Form 100-FEE, Water's-Edge Election Fee for any income year beginning prior to January 1, 1994. Form 100-FEE-X must be used as a cover form and attached to the front of the revised Form 100-FEE-A, Amended Water's-Edge Election Fee Supplemental Schedule.

First complete Form 100-FEE-A for the income year you wish to amend. Then clearly mark the word "REVISED" on the top of that form and attach it and any supporting schedules to the Form 100-FEE-X. Form 100-FEE-X must be attached to the face of the package.

Corporations that file on a water's-edge basis and wish to amend their tax return should get Form 100X, Amended Corporation Franchise or Income Tax Return.

Replacement Property

If new investment in California, used in a prior year to reduce the election fee base, subsequently becomes replacement property, **do not file Form 100-FEE-X**. Refer to Form 100-FEE-A, Specific Line Instructions, line 24 - Investment Property Recalculation.

A When to File

Form 100-FEE-X may be filed only after the original Form 100-FEE is filed. Generally, a claim for refund may be filed within four years from the original due date, or within one year from the date the fee was paid, whichever is later. Original Form 100-FEE and Form 100-FEE-A filed before the due date are considered to be filed on the due date.

B Where to File

Mail Form 100-FEE-X with a refund or an election fee due to the address listed to the right. When an election fee is due, attach a separate check or money order payable to the Franchise Tax Board.

Write "Form 100-FEE-X" and the California corporation number on the check or money order and mail with Form 100-FEE-X to:

FRANCHISE TAX BOARD
PO BOX 942857
SACRAMENTO CA 94257-4091

Note: If Form 100X is also being filed, attach a separate check for any additional tax due.

Electronic Funds Transfer (EFT)

Corporations that remit a bank or corporation estimated tax or extension payment in excess of \$20,000 or that have a total tax liability in excess of \$80,000 must pay through EFT. Corporations that meet the threshold must remit all payments, including water's-edge payments, through EFT rather than by paper check. The FTB will notify corporations that are subject to this requirement. Those that wish to participate on a voluntary basis may do so. For more information, call the FTB's EFT Section at (916) 845-4025, or get FTB Pub. 3817, Electronic Funds Transfer Program Information Guide.

C Explanation of Changes to Property, Payroll, Sales, etc.

A detailed explanation of changes to the election fee must be shown in Part IV. Show line number references and any needed computations. Attach additional sheets if necessary.

1998 Instructions for Form 100-FEE-A, Amended Water's-Edge Election Fee Supplemental Schedule

General Information

Effective for income years beginning on or after January 1, 1994, the annual water's-edge election fee was repealed. Form 100-FEE-A, Amended Water's-Edge Election Fee Supplemental Schedule, should only be used when amending the election fee for an income year beginning prior to January 1, 1994. Form 100-FEE-A should be attached to Form 100-FEE-X, Amended Water's-Edge Election Fee.

Definitions

1. Base Year

- A. The base year used to calculate property and payroll for purposes of the election fee is an income year of 12 full months ending in the calendar year 1986. If there is no income year of 12 full months ending in the calendar year 1986, property and payroll for the first immediately preceding income year of 12 full months must be used if it exists.
- B. The base year used to calculate sales for purposes of the fee shall be the income year for which a Form 100-FEE-A is filed. Such income year need not be 12 full months.

2. Short Period Return

If a taxpayer files a short period return on a water's-edge basis, the fee shall be based on: (1) sales for the current period; and (2) the base year amounts for California property and payroll, multiplied by a fraction, the numerator of which is the number of months in the short period and the denominator of which is 12.

3. New Investment in California

For purposes of computing the election fee using the .0003 calculation, new investment (a new plant or facility) in California can be used to reduce the fee base. A new plant or facility is both certain tangible personal property and real property, as described in R&TC Section 70, acquired during the income year. The annual new investments acquired since January 1, 1987, to the last day of the income year that is being amended are then accumulated.

Certain tangible personal property includes any new tangible personal property acquired by the taxpayer during the income year, when the original use commences in this state.

Examples: New machinery and equipment for industry, profession and trade; new tools, molds, dies and jigs; or new computers and related equipment.

R&TC Section 70 defines a new plant or facility as "newly constructed" and "new

construction." "Newly constructed" and "new construction" include:

- Any substantial addition (including fixtures) to land or the improvements on the land. For purposes of R&TC Section 70, "fixtures" are improvements to property, the use or purpose of which directly applies to or augments the process or function of a trade, industry or profession.

Examples: The construction of a new building; a swimming pool, retaining wall, or sewer; or the addition of square-footage to an existing building.

- For purposes of R&TC Section 70, "major rehabilitation" is any rehabilitation, renovation or modernization that converts an improvement or fixture to the substantial equivalent of a new improvement or fixture. This includes the substitution of a new fixture for an old one. "Substantial equivalency" is ascertained by comparing the productive capacity, normally expressed in units per hour, of the rehabilitated fixture to its original productive capacity.

Examples: Alteration to a warehouse making it usable as a retail store or a restaurant; preparation of a vacant lot for use as a parking facility; alteration of rolling, grazing land to level irrigated crop land; and site development of rural land for the purpose of establishing a residential subdivision.

The term "newly constructed" or "new construction" does **not** include:

- Any active solar energy system constructed or added before January 1, 1991;
 - The portion of reconstruction or improvement to a structure constructed of unreinforced masonry bearing wall construction, necessary to comply with a local seismic safety ordinance for the first 15 years after the reconstruction or improvement;
 - The construction or installation of any of the following fire protection improvements that are constructed or installed in an existing building on or after November 7, 1984:
 1. Fire sprinkler systems;
 2. Other fire extinguishing systems;
 3. Fire detection systems; and
 4. Fire-related egress improvements;
 - Ordinary maintenance and repair.
- Examples:** Routine annual preparation of agricultural land; interior or exterior painting; replacement of roof coverings; the addition of aluminum siding for improvements; or the replacement of work machine parts; or

- Any land, improvement or fixture that is restored, reconstructed or repaired in a timely manner following a disaster and that is substantially equivalent to that which existed prior to the disaster. Any reconstruction of real property that is not substantially equivalent to the damaged or destroyed property is deemed to be "new construction," unless the exception noted above applies. However, a new plant or facility may not be a replacement, in whole or in part, of an existing plant or facility in California.

New investment in California that meets the definition of replacement property cannot reduce the fee base.

4. Replacement Property

A plant or facility that includes both certain tangible personal property and real property as described in R&TC Section 70 will be deemed a replacement if the taxpayer, or an affiliated bank or corporation closes, takes out of service, sells or leases to an unrelated party, a plant or facility with a cost basis equal to 25% or more of the cost basis of the new plant or facility. The replacement property test must be applied to the 3 calendar years immediately preceding and the 3 calendar years immediately succeeding the date the new plant or facility is first included in the property factor for apportionment purposes.

5. California Work Years

For purposes of computing work years in California (Form 100-FEE-A, line 6, line 7, line 8 and line 10), a work year means:

- 2,000 paid hours in the case of employees who are paid an hourly wage; or
- A total of 12 paid months in the case of salaried employees.

To determine the total amount "paid" to employees, see the instructions for Schedule R, Apportionment and Allocation of Income.

Specific Line Instructions for Form 100-FEE-A

Side 1

Line 1 – Base Year California Property

Enter the total amount of California property for the base year. See General Information, Definitions. See the instructions for Schedule R for the definition of California property.

Note: Intangibles included in the factor pursuant to R&TC Section 25137 are not includible in the property factor for determining the fee base regardless of the fact that they may be included in the apportionment formula. Intangible drilling costs included in the factor pursuant to

ant to R&TC Section 25130 are included in the fee base.

Line 2 – Base Year California Payroll

Enter the total amount of California payroll for the base year. See General Information, Definitions. See the instructions for Schedule R for the definition of California payroll.

Note: If a taxpayer files a short period return, modifications must be made. The base year amounts on line 1 and line 2, respectively, must be multiplied by a fraction, the numerator of which is the number of months in the short period and the denominator of which is 12.

Line 3 – California Sales for the Income Year Being Amended

Enter the total amount of California sales for the income year that is being amended. See the instructions for Schedule R for the definition of California sales.

Note: If a taxpayer files a short period return, no proration to line 3 is required.

Line 5 – New Investment in California Property

Enter the cumulative amount expended from January 1, 1987, to the last day of the income year that is being amended, for investment in new plants or facilities located in California. See General Information, Definitions, for the definition of "new investment in California."

If a taxpayer files a short period return, enter the cumulative amount expended since January 1, 1987, on new investment in California property through the end of the short period income year.

Line 6, Line 7 and Line 8 – 1985, 1986 and 1987 California Work Years

Enter the total number of California work years for income years 1985, 1986 and 1987, respectively. See General Information, Definitions, for the definition of a California work year.

Line 10 – California Work Years for the Income Year Being Amended

Enter the total number of California work years for the income year being amended.

Line 12 – New California Employees

The number of new employees in California is determined by comparing the total number of California work years for the income year to the greater of the average of the total number of California work years for income years 1985, 1986 and 1987, or the total number of California work years for income year 1987.

Line 13 – California Payroll for the Income Year Being Amended

Enter the total amount of California payroll for the income year being amended.

Line 15 – Increase in California Payroll

The increase in California payroll is determined by multiplying the number of new California employees by the average California payroll for the income year being amended.

Line 16 – Total Adjusted California Property, Payroll and Sales

The total adjusted California property, payroll and sales is determined by adding the new investment in California property (line 5) and the increase in the California payroll (line 15) and subtracting the result from the total of base year California property and payroll and amended income year California sales (line 4).

Line 18 – California Property for the Income Year Being Amended

Enter the total amount of California property for the income year being amended.

If a taxpayer files a short period return, multiply the California property by a fraction, in which the numerator is the number of months in the short period and the denominator is 12.

Line 19 and Line 20 – California Payroll and Sales for the Income Year Being Amended

Enter the total amount of California payroll and sales for the income year being amended.

Note: If a taxpayer files a short period return, no modification to line 19 or line 20 is required.

Line 24 – Investment Property Recalculation

If a plant or facility considered to be new investment property in a prior year becomes replacement property in the current year, the prior year's fee(s) must be recalculated to exclude the new investment now considered to be replacement property. Enter the difference between the prior year's fee(s) as filed and the prior year's fee(s) recalculated to exclude any investment property deemed to be replacement property.

Line 25 – Total Amended Election Fee

Enter the amount on Form 100, Side 1, line 33, total tax, identifying the amount as a water's-edge fee recalculation.

How To Get California Tax Information

Where To Get Income Tax Forms

By Internet – If you have Internet access, you may download, view and print 1994 through 1998 California income tax forms and publications. Our Internet address is: <http://www.ftb.ca.gov>

By phone – Use F.A.S.T. to order the 1998 California tax forms listed to the right. To order a form on the list:

- Call (800) 338-0505 from within the United States; or
- (916) 845-6600 from outside the United States (not toll-free);
- Select bank and corporation income tax form requests; and
- Enter the three-digit code shown to the left of the form title when you are instructed to do so.

We will send you two copies of each tax form and one copy of each set of instructions. Please allow two weeks to receive your order. If you live outside California, please allow three weeks to receive your order.

For prior year California tax forms, call our toll-free number listed under "General Toll-Free Phone Service."

In person – Most libraries, post offices and banks provide free California personal income tax booklets during the filing season. Many libraries and some quick print businesses have forms and schedules for you to photocopy (you may have to pay a nominal fee). Note that employees at libraries, post offices, banks and quick print businesses cannot provide tax information or assistance.

By mail – Write to: TAX FORMS REQUEST UNIT, FRANCHISE TAX BOARD, PO BOX 307, RANCHO CORDOVA CA 95741-0307.

Letters

We can serve you by phone if you call us for information to complete your California income tax return, or to find out about your tax refund. However, you may want to write to us if you are replying to a notice we sent you, or to get a written reply. If you write to us, be sure to include your California corporation number or federal employer identification number, your daytime and evening telephone numbers and a copy of the notice with your letter. Send your letter to:

FRANCHISE TAX BOARD
PO BOX 942857
SACRAMENTO CA 94257-0540

We will respond to your letter within 6 to 8 weeks. In some cases, we may need to call you for additional information.

Your Rights As A Taxpayer

Our goal at the FTB is to make certain that your rights are protected so that you will have the highest confidence in the integrity, efficiency and fairness of our state tax system. FTB Pub. 4058, California Taxpayers' Bill of Rights, includes information on your rights as a California taxpayer, the Taxpayers' Rights Advocate Program and how you can request written advice from the FTB on whether a particular transaction is taxable. See "Where to Get Income Tax Forms" on this page for how to get FTB Pub. 4058.

General Toll-Free Phone Service

Between January 4 – April 15, 1999, our general toll-free phone service is available:

- Monday – Friday, 6 a.m. until midnight; and
- Saturday, 8 a.m. until 5 p.m.

After April 15, 1999, our general toll-free phone service is available:

- Monday – Friday, 7 a.m. until 8 p.m.

The best times to call are before 10 a.m. and after 6 p.m. All times listed are Pacific Standard Time (PST).

From within the United States (800) 852-5711
From outside the United States (916) 845-6500

(not toll-free)
For hearing impaired with TDD (800) 822-6268
For federal tax questions,
call the IRS at (800) 829-1040

F.A.S.T. Toll-Free Phone Service

Call Fast Answers about State Taxes, the F.A.S.T. toll-free phone service you can use to:

- Get recorded answers to many of your questions about California taxes; and
- Order current year California bank and corporation tax forms.

F.A.S.T. is available in English and Spanish to callers with touch-tone telephones.

When Is F.A.S.T. Available?

To answer your questions, F.A.S.T. is available 24 hours a day, seven days a week. To order bank and corporation forms F.A.S.T. is available from 6 a.m. to 6 p.m., Monday through Friday, except state holidays. All times listed are Pacific Standard Time (PST).

How To Use F.A.S.T.

Have paper and pencil handy to take notes.

Call from within the United States (800) 338-0505

Call from outside the United States (not toll-free) . . . (916) 845-6600

Follow the recorded instructions and enter the three-digit code when you are instructed to do so.

To Order Forms

See "Where to Get Income Tax Forms" on page 29.

To Get Information

If you need an answer to any of the following questions, call (800) 338-0505, select general tax information, follow the recorded instructions and enter the three-digit code when instructed to do so.

Code-Filing Assistance:

- 715 – If my actual tax is less than the minimum franchise tax, what figure do I put on line 23 of Form 100?
- 717 – What are the current tax rates for corporations?
- 718 – How do I get an extension of time to file?
- 722 – When do I have to file a short-period return?
- 734 – Is my corporation subject to franchise tax or income tax?

S Corporations

- 704 – Is an S corporation subject to the minimum franchise tax?
- 705 – Are S corporations required to file estimate payments?
- 706 – What forms do S corporations file?
- 707 – The tax for my S corporation is less than the minimum franchise tax. What figure do I put on line 22 of Form 100S?
- 708 – Where do S corporations make adjustment for state and federal law differences on Schedule K-1(100S) and where do nonresident shareholders find their California source income on their Schedule K-1 (100S)?

Exempt Organizations

- 709 – How do I get tax exempt status?
- 710 – Does an exempt organization have to file Form 999?
- 735 – How can an exempt organization incorporate without paying corporation fees and costs?
- 736 – I have exempt status. Do I need to file Form 100 or Form 109 in addition to Form 999?

Minimum Tax and Estimate Tax

- 711 – Can I claim my prepayment tax as credit or estimate payment on my return?
- 712 – What is the minimum franchise tax?
- 714 – My corporation is not doing business; does it have to pay the minimum franchise tax?
- 716 – When are my estimate payments due?

Billings and Miscellaneous Notices

- 723 – I received a bill for \$250. What is this for?
- 728 – Why was my corporation suspended?
- 729 – Why is my subsidiary getting a request for a return when we file a combined report?

Tax Clearance

- 724 – How do I dissolve my corporation?
- 725 – What do I have to do to get a tax clearance?
- 726 – How long will it take to get a tax clearance certificate?
- 727 – My corporation was suspended/forfeited. Can I still get a tax clearance?

Miscellaneous

- 700 – Who do I need to contact to start a business?
- 701 – I need a state ID number for my business. Who do I contact?
- 702 – Can you send me an employer's tax guide?
- 703 – How do I incorporate?
- 719 – How do I properly identify my corporation when dealing with the Franchise Tax Board?
- 720 – How do I obtain information about changing my corporation's name?
- 721 – How do I change my accounting period?
- 737 – Where do I send my payment?
- 738 – What is electronic funds transfer?
- 739 – How do I get a copy of my state corporate tax return?
- 740 – What requirements do I have to report municipal bond interest paid by a state other than California?
- 750 – How do I organize or register an LLC?
- 751 – How do I cancel my registration as an LLC?
- 752 – What tax forms do I use to file as an LLC?
- 758 – If a corporation converted to an LLC during the current year, is the corporation liable for tax as a corporation and an LLC tax/fee in the same year?
